

Dear Parents,

Many of you have asked what to do over the summer to prepare for next year; my suggestion is to have your child continue to practice printing their name, their numbers, review their letter sounds.....read books and have them identify letters or words they may recognize.

I am enclosing a list of sight words we will begin with in September, one of the easiest way to practice is to make a matching game of the words using index cards. I hope this will be helpful, but most of all, relax and enjoy the summer with your children!!!!!!!!!!!!!!!!!!!!!!!!!!!!

Looking forward to a great school year....

Sincerely,

Mrs. J
